

Symbols of Stations of Generation of Electric Power [[Go to Website](https://www.electrical-symbols.com)]

 <p>Electric generating station in project Electric power station in project Generic symbol</p>	 <p>Electric generating station in service Electric power station in service Generic symbol</p>	 <p>Hydroelectric in project</p>	 <p>Hydroelectric plant in service</p>
 <p>Geothermal power station in project</p>	 <p>Geothermal power station in service</p>	 <p>Wind energy station in project</p>	 <p>Wind energy station in service</p>
 <p>Nuclear power station in project</p>	 <p>Nuclear power station in service</p>	 <p>MHD plasma station in Project Magnetohydrodynamic</p>	 <p>MHD plasma station in service Magnetohydrodynamic</p>
 <p>Solar power station in project</p>	 <p>Solar power station in service</p>	 <p>Thermoelectric power plant in project</p>	 <p>Thermoelectric power plant in service</p>
 <p>Combined electric and thermal power generation in project</p>	 <p>Combined electric and thermal power generation in service</p>

Symbols of Electrical Substations [[Go to Website](#)]

 <p>Electric substation in project</p>	 <p>Electrical substation in service</p>	 <p>Compact substation vault in project</p>	 <p>Compact substation vault in service</p>
 <p>Compact substation pedestal in project</p>	 <p>Compact substation pedestal in service</p>	 <p>Aerial mono-support substation in project</p>	 <p>Aerial mono-support substation in service</p>
 <p>Aerial bi-support substation in project</p>	 <p>Aerial bi-support substation in service</p>	 <p>Substation in project</p>	 <p>Substation in service</p>
 <p>Converter substation in project e.g. DC / AC</p>	 <p>Converter substation in service e.g. DC / AC</p>
